SEWING MACHINES—CAUTION.—

SEWING MACHINES—CAUTION.—
The subscribers, owners of the ROTARY SHUTTLE MACHINE, patented Oct. 1840, hereby Cautton the Pablic sgalost purchasing or using Machines which infringe apon their patent, as they will prosecute to the extent of the law all such ninningments.

Our machines are now offered for sale for the first time. They have been in use in this city for one year. One firm has made ten thousand dozen Clott and Plush Caps. Several other companies have employed them very protably in making clotting, carpet and grain bags, and for other nurrows. There are a number now in uses it the factory of H. W. Banks & Co. Elm, corner of Canal at, where those wishing to purchase are invited to call and set them in operation. Massers H. W. B. & Co. are authorised to make sales of Rights or Machines for use in this city.

These machines are so vasily managed, that a child of 14 years of age has kept, even machines (which have propuled by steam and employed in making bags) in good or ter for some months past, attending at the same time to the running of her owe machine and doing with it the works of four adults if sewing by hand.

These machines can be driven by hand, treddle, or steam power. To persons wishing to make an experiment before buying, a machine would be rented at a modernia price.

We considerity assert that these are the only machines of real practical uturity, and while we mivit on a examination of the machines now in operation, we repeat our caution against infringments, which will certainty be prosecuted.

Other than the control of the machines of the machines of the prosecuted.
